## SUBJECT INDEX

### A, B

- Abortion**  
Defining minors' abortion rights (Rhodes) 321  
Options and issues for pregnant adolescents (Rhodes) 427  
Whose right to life? (Cohen) 83
- Abstracts**  
Writing effective research abstracts (Haller) 74
- Acquired Immunodeficiency Syndrome**  
Growing up is hard to do . . . in the AIDS era (Davidson, Grant) 352  
Putting on gloves to box out AIDS (ed) 311
- Adolescence**  
Challenges of high-risk pregnancy: Part 1. Caring for socially high-risk pregnant women (Moletti) 24; Part 2. When leukemia complicates pregnancy (Weeks and others) 28  
Defining minors' abortion rights (Rhodes) 321  
Growing up is hard to do . . . in the AIDS era (Davidson, Grant) 352  
Options and issues for pregnant adolescents (Rhodes) 427  
Small group can go a long way (Fuller and others) 414
- American Medical Association**  
In the interests of patient care (ed) 243  
Did AMA do nursing a favor? (ed) 393
- Antiemetics**  
Nabilone as an antiemetic for children undergoing chemotherapy (Few) 209
- Bilirubin**  
Comprehensive look at hyperbilirubinemia (Wikerson) 360
- Burnout**  
Dousing burnout before it begins (Foster) 279

### C

- Car Seats See Protective Devices**
- Cardiovascular Nursing**  
Which child is at risk for heart disease? Part 1. 328; Part 2. Reducing risk for heart disease in children 442 (Hayman and others)
- Caretaker**  
Family and friends can enhance patient learning (Foster) 91
- Chemotherapy**  
Nabilone as an antiemetic for children undergoing chemotherapy (Few) 209
- Child**  
An ingenious way to treat psychogenic cough (Wolff) 118  
Children and the law (Rhodes) 171  
Step beyond "just say no" (Burpo) 428
- Child Abuse**  
Interrupting the cycle of child abuse (Soditus, Mock) 196
- Child, Hospitalized**  
Child's perception of the hospital (Faller) 38  
Managing pain in children: Part 1. Using pain scales to prevent undermedication (Ellis) 180; Part 2. Alleviating children's postoperative pain (O'Brien, Konsler) 183  
Recognizing shock syndromes in infants and children (Rimar) 92  
Shock in infants and children: assessment and treatment (Rimar) 98
- Chronic Disease**  
Self-contracts for chronically ill children (Wesolowski) 20
- Classification System**  
Reuniting mothers and babies: A matter of classification (Hicks and others) 272
- Cluster System**  
Reuniting mothers and babies: Part 1. Synchronizing care with mother-baby rhythms (Wikerson, Barrows) 264; Part 2. Cross training without cross fire (Arnold, Levy) 269; Part 3. A matter of classification (Hicks and others) 272

- Cocaine**  
Dangers of prenatal cocaine use (Smith) 174  
Effects of maternal cocaine use on mothers and fetuses/babies 175
- Communication**  
Are we ready to communicate? (ed) 81  
Does your style block your message (Foster) 207  
Forum for exchange (ed) 155  
When the message gets garbled (Foster) 367
- Concept Formation**  
Avoiding faulty frameworks (Haller) 304
- Corticosteroids**  
Corticosteroids and respiratory distress syndrome (Few) 17
- Costs and Cost Analysis**  
Costs of research to nursing (Haller) 460
- Cough, Psychogenic**  
An ingenious way to treat psychogenic cough (Wolff) 118
- Couplet Care**  
Reuniting mothers and babies: Part 1. Synchronizing care with mother-baby rhythms (Wikerson, Barrows) 264; Part 2. Cross training without cross fire (Arnold, Levy) 269; Part 3. A matter of classification (Hicks and others) 272
- Crisis Intervention**  
In moments of crisis (Novak) 349
- Cross Training**  
Reuniting mothers and babies: Cross training without cross fire (Arnold, Levy) 269
- Cystic Fibrosis**  
Research yields new clues to cystic fibrosis (Wells, Meghaddpour) 187

### D, E

- Delivery, High Risk**  
Changes in the workplace can be vital to improved staff performance (Campbell) 9
- Deposition**  
Defining depositions (Rhodes) 89
- Detroit**  
Reuniting mothers and babies: Cross training without cross fire (Arnold, Levy) 269
- Diabetes Mellitus, Insulin-Dependent**  
What causes diabetes? (Lipman) 40
- Diapers**  
Simplifying urine collection from infants and children without losing accuracy (Suri) 438
- Discharge Planning**  
Role of education in discharge planning (Foster) 403
- Discovery Process**  
Nursing and the discovery process (Rhodes) 53
- Do Not Resuscitate See Resuscitation in Children**
- Drug Abuse, Education**  
Step beyond "just say no" (Burpo) 428
- Drug Therapy**  
Cardiovascular drugs used in the treatment of pediatric shock 100  
Indomethacin for treatment of premature labor (Few) 93
- Editorials**  
Are we ready to communicate? 81  
Critical ear 7  
Did AMA do nursing a favor? 393  
Forum for exchange 155  
In the interests of patient care 243  
Putting on gloves to box out AIDS 311
- Education**  
Interrupting the cycle of child abuse (Soditus, Mock) 196  
Keeping staff up on electronic fetal monitoring (Pheigaru) 334
- Education, Nursing, Continuing**  
Changes in the workplace can be vital to improved staff performance (Campbell) 9
- Education of Mentally Retarded**  
Approaching the developmentally delayed parent (Foster) 19
- Endometriosis**  
Treating endometriosis with nafarelin (Few) 323

- Equipment and Supplies, Hospital**  
Keeping staff up on electronic fetal monitoring (Pheigaru) 334
- Ethics**  
Whose right to life? (Cohen) 83
- Ethics, Nursing**  
Complexities of do not resuscitate orders (Olson, Hooke) 157  
Living with ethical decisions with which you disagree (Thompson, Thompson) 245
- Exercise**  
Bend and stretch (De Grez) 357
- Expressed Mother's Milk**  
Helping mothers express milk suitable for preterm and high-risk infant feeding (Wilks, Meier) 121

### F, G, H

- Family**  
Helping families to help themselves (Johnson, Gaines) 336  
On behalf of homeless families (Darmrosch and others) 259
- Fathers**  
Benefits of group support: Meeting the needs of expectant fathers (Taubenheim, Silbermager) 110
- Fetal Monitoring**  
Keeping staff up on electronic fetal monitoring (Pheigaru) 334
- Fetus**  
Effects of maternal cocaine use on mothers and fetuses/babies 175
- Foot Deformities, Congenital**  
Common foot deformities and what they mean for parents (Lieber, Taub) 47
- Framework See Concept Formation**
- Genetics**  
Research yields new clues to cystic fibrosis (Wells, Meghaddpour) 187
- Gloves**  
Putting on gloves to box out AIDS (ed) 311
- Grief**  
Coping with infertility: a personal perspective turned professional (Sherrod) 191  
Grief state assessment 194  
In moments of crisis (Novak) 349
- Group Support**  
Benefits of group support: Part 1. Meeting the needs of expectant fathers (Taubenheim, Silbermager) 110; Part 2. Peer group support for high-risk mothers (Snyder) 114  
Small group can go a long way (Fuller and others) 414
- Health Education**  
Growing up is hard to do . . . in the AIDS era (Davidson, Grant) 352
- Heart Diseases, Prevention and Control**  
Which child is at risk for heart disease? Part 1. 328; Part 2. Reducing risk for heart disease in children 442 (Hayman and others)
- HELLP Syndrome**  
Getting perspective on HELLP syndrome (Poole) 432
- Hemophilus Influenzae**  
Hemophilus influenzae type B vaccine (Few) 407
- Homeless Families**  
On behalf of homeless families (Darmrosch and others) 259
- Hyperbilirubinemia**  
Comprehensive look at hyperbilirubinemia (Wikerson) 360
- I**
- Indomethacin**  
Indomethacin for treatment of premature labor (Few) 93
- Infant, Low Birth Weight**  
Latest on retinopathy of prematurity (George and others) 254
- Infant Mortality**  
In moments of crisis (Novak) 349

**Infant, Newborn**  
Effect of maternal cocaine use on mothers and fetuses/babies 175

**Infant, Newborn, Resuscitation**  
Changes in the workplace can be vital to improved staff performance (Campbell) 9

**Infant Nutrition**  
Helping mothers express milk suitable for preterm and high-risk infant feeding (Wilks, Meier) 121

**Infant, Premature**  
Latest on retinopathy of prematurity (George and others) 254

**Infants**  
Recognizing shock syndromes in infants and children (Rimar) 32  
Shock in infants and children: assessment and treatment (Rimar) 98

**Infection, Prevention and Control**  
Putting on gloves to box out AIDS (ed) 311

**Infertility**  
Coping with infertility: a personal perspective turned professional (Sherrod) 191

**Influenza Vaccine**  
Hemophilus influenzae type B vaccine (Few) 407

**Informed Consent**  
Defining informed consent (DeLeon Siantz) 94

**Inservice Training**  
Keeping staff up on electrical fetal monitoring (Pheigaru) 334

**Interprofessional Relations**  
Are we ready to communicate? (ed) 81

## J, L

**Jaundice, Neonatal**  
Comprehensive look at hyperbilirubinemia (Wilkerson) 360

**Jewish Law**  
Maternity nursing and Jewish law (Lutwak and others) 44

**Jurisprudence**  
Children and the law (Rhodes) 171  
Defining depositions (Rhodes) 89  
Defining minors' abortion rights (Rhodes) 321  
Nursing and the discovery process (Rhodes) 53  
Options and issues for pregnant adolescents (Rhodes) 427  
Rights of minors (Rhodes) 281

**Labor, Premature**  
Indomethacin for treatment of premature labor (Few) 93

**Learning**  
Family and friends can enhance patient learning (Foster) 91

**Leukemia**  
Challenges of high-risk pregnancy: Part 2. When leukemia complicates pregnancy (Weeks and others) 28

**Literature Review** See *Review Literature*

## M

**Marketing**  
Better way to market maternal-child care (Sonstegard) 395

**MCN Convention (1989)**  
Forum for exchange (ed) 155

**Medication Systems**  
Using pain scales to prevent undermedication (Ellis) 180

**Milk, Human**  
Helping mothers express milk suitable for preterm and high-risk infant feeding (Wilks, Meier) 121

**Minors (Law)**  
Rights of minors (Rhodes) 281

**Models, Theoretical**  
Beyond idle speculation (Haller) 386  
Theoretically speaking (Haller) 238

Theoretically speaking (Haller) 238  
Writing effective research abstracts (Haller) 74

**Respiration**  
Cardiorespiratory definitions and parameters 36

**Respiratory Distress Syndrome**  
Corticosteroids and respiratory distress syndrome (Few) 17

**Resuscitation**  
Changes in the workplace can be vital to improved staff performance (Campbell) 9  
Resuscitation skills checklist (chart) 12

**Resuscitation in Children**  
Complexities of do not resuscitate orders (Olson, Hooke) 157

**Retinopathy of Prematurity**  
Latest on retinopathy of prematurity (George and others) 254

**Review Literature**  
Conducting a literature review (Haller) 148

**Right To Die**  
Complexities of do not resuscitate orders (Olson, Hooke) 157

## S, T

**Safety**  
Getting kids into car seats (Killam, Smith) 124

**School Nursing**  
Step beyond "just say no" (Burpo) 428

**Self Care**  
Helping families to help themselves (Johnson, Gaines) 336  
Self-contracts for chronically ill children (Wesolowski) 20  
Small group can go a long way (Fuller and others) 414

**Self Concept**  
Self-image, guilt/blame, and sexuality subscales 192

**Self-Contracting**  
Self-contracts for chronically ill children (Wesolowski) 20

Prepare for Leadership Positions in Nursing  
With a Master's Degree from Hunter-Bellevue

Our fully accredited Master's Program prepares graduates to assume leader-  
ship positions and make significant con-  
tributions to the quality of health care  
and the advancement of nursing as ex-  
pert practitioners in primary health care,  
clinical specialty, administration, or  
teaching. We offer five specializations:

Gerontological Nurse Practitioner  
Maternal Child Nursing  
Medical-Surgical Nursing  
Nursing Administration  
Psychiatric/Mental Health Nursing

All specializations emphasize nursing  
theories and the research process. The  
degree program requires 42 to 56 cred-  
its, depending on the area of specializa-  
tion, and can be completed in 3 to 4  
semesters of full-time study. Full or part-  
time study is available, with late after-  
noon and evening classes to accommo-  
date the working student.
